Corporate Partnership Program

Join NEWS in building a safer, stronger Napa County through strategic corporate partnership.

Thank you for your interest in partnering with NEWS!

The need in our community is urgent:

- In the United States, 1 in 3 women and 1 in 4 men will be physically assaulted by an intimate partner at some point in their lives
- In California, an average of 124 women per year are murdered at the hands of an intimate partner. In 76% of the cases involving a history of violence, family, friends or co-workers were aware of the abuse.
- 60% of children exposed to domestic violence are also direct victims of abuse, injury, or neglect.

Provide essential services 24-hour Help Line and response team, emergency shelter, food, and clothing. Crisis counseling, legal advocacy, and support groups to survivors and children.

Empower survivors Help individuals rebuild their lives in transitional housing and achieve self-sufficiency through case management and ongoing advocacy.
